At Barron, we believe every brand has a unique story to tell. With the right product and the right message, brands are able to tell a powerful and memorable story. Our extensive range holds a world of possibilities, with Apparel, Workwear, Sport, Headwear, Gifts, Bags, Display and Branding. We Help Great Brands Tell Great Stories.

We are excited to introduce you to the revitalised Indestruktable brand which has represented quality and durability for 15 years. The Indestruktable range is not only functional and equipped to handle adverse conditions but it has the perfect bags and coolers for your everyday outdoor adventure.

We are proud to introduce you to our new brand Indie - sister brand of Indestruktable. This brand carries the same quality as Indestruktable but with some added flair. Indie is a perfect combination of style, design and functionality – it is an exquisite and classy collection of laptop bags, backpacks, sports bags, conference bags, coolers, notebooks and speakers.

Back in 2008, we committed to shake up an old industry. Our goal is to keep you moving in style with cool, thoughtfully-designed bags and tablet cases. Since then, the streets of New York have provided us with endless inspiration. Everything we design has unique style, sparked by the sights and sounds of the city.

Snüg is a range of ergonomic mobile accessories inspired by Scandinavian design principles to fit precisely and look good doing it. Snüg strikes the perfect balance between form and function, aesthetics and utility.

In 1953, twin brothers Bill and Bob Meistrell began Dive N' Surf, Inc., now established as one of the oldest well known dive and surf shops in the U.S.A. At this time they constructed their first wetsuit, known as the "Body Glove". Body Glove products have evolved from generation to generation to better serve your needs.

Speck makes products that are designed for impact to protect the tech you rely on. With a balance of slim lines and military-grade protection, we provide a difference you can see and feel. Since 2001, we've been making distinctive products for the world's top smartphones, tablets, laptops, watches and backpacks.

WHOOSH! is the next generation of clean, leveraging the latest advancements in formula development & biology-based technologies. We create superior and safe products that outperform other traditional and natural cleaning products.

Boompods, maker of audio solutions and peripheral devices. We manufacture portable speakers, headphones and other mobile accessories. The company's design philosophy for our products is simplicity and this is reflected in our latest set of audio gears. Boompods promises a no-frills yet enjoyable music listening experience wherever your feet may take you. Music anywhere, everywhere.

Orbit is a family of Bluetooth trackers that will help you locate your valuable items in seconds using the free app. The brand was created to help eliminate small frustrations of everyday life for our customers and ourselves. Every product Orbit develops is with our customer's daily needs in mind, by helping make their lives easier, thus allowing time to enjoy life. With Orbit, your everyday valuables are one less thing to worry about.

Charles Dickens, a Victorian era writer, was known as the first great writer. As a child he knew great poverty, leading him to work in a shoe polish factory at the age of twelve; this time greatly influenced his later writing career. Times have changed, but his works still inspire and motivate. With our assortment: stylish, business-like and slightly classic, we celebrate the life of a man whose writings transcend his time, language and culture.

CERRUTI 1881

Over the decades, Cerruti 1881 has shown that good modern styling should not just be desirable and inspired, but also innovative and refined. The Cerruti 1881 collection is aimed at men who appreciate style and elegance, but also the finer details like fabric quality and finishing.

NINA RICCI

A hallmark of elegance, it has become famous for representing femininity via a sophisticated luxuriousness yet intentionally relaxed style.

iNDESTRUKTIBLE

We are excited to introduce you to the revitalised Indestructible brand which has represented quality and durability for 15 years. The Indestructible range is not only functional and equipped to handle adverse conditions but it has the perfect bags and coolers for your everyday outdoor adventure.

CERRUTI 1881

In 1881, Antonio Cerruti founded a weaving workshop in Biella, an Italian town renowned for its rich heritage in quality wool and fabric production. From these roots, the Cerruti name has expanded from luxurious fabric to acclaimed fashion without ever losing sight of its core values emphasizing quality and style, craftsmanship and technology.

Today, Cerruti 1881 produces an extensive line of ready-to-wear menswear that remains true to the brand's distinctive ethos of fine fabrics, meticulous craftsmanship and intelligent design.

NINA RICCI

In 1932, Nina Ricci established her Parisian couture house. A hallmark of elegance, it would become famous for representing femininity via a sophisticated luxuriousness yet intentionally relaxed style.

By combining sumptuous materials with soft draping, tailoring and her ability to capture the essence, Nina Ricci became synonymous with contemporary fashion. Her main goal was to channel the personality of every woman; proposing a classic wardrobe that favoured naturalness over ostentation.

PP⁴**PAD PRINTING**

This application is done using a silicone pad. It functions as a transfer vehicle, picking up ink from the printing plate, and pressing it directly onto the product.

**SP⁴****SCREEN PRINT**

Screen printing is a printing technique whereby a mesh is used to transfer ink onto a substrate. This is the most common method of imprinting on promotional items and apparel.

**E****EMBROIDERY**

Embroidery is stitched with a computerised embroidery machine using patterns digitised with embroidery software. Artwork must first be digitised, which is the specialised process of converting two-dimensional artwork into stitches.

**DD****DIRECT TO DIGITAL**

Digital printing is a method whereby the image is printed directly onto the product. This application provides you with a full colour printing option.

CO₂

CO₂ LASER ENGRAVING

This method is achieved by burning the top layer of the substrate with a thin laser beam that cuts through the product creating a lasting detailed logo.

**DB**

DEBOSSING

This process involves creating a die in the shape of a logo that is pressed into the surface creating a permanent sunken design.

**DS**

DIGITAL STICKER

Digitally printed directly onto a vinyl adhesive substrate that can be affixed to a product. This application provides you with a full colour printing option, which is then cut out and applied to a product by means of heat and pressure

**DYE
SUB**

DYE SUBLIMATION

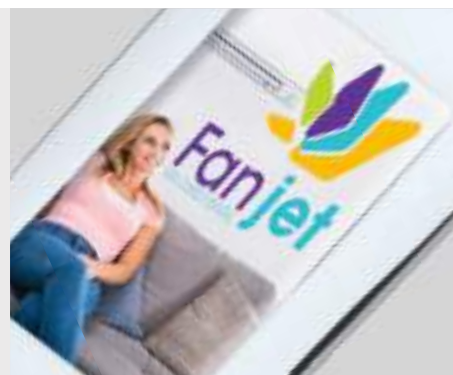

Dye Sublimation is digitally printed on a coated paper and then transferred to the substrate.

DOVE

DOVE STICKER

Digitally printed directly onto a vinyl adhesive substrate that can be cut into a variety of shapes and sizes. The stickers are then coated with a polyurethane to give a dome-like appearance creating a 3D effect.

**HP**

HEAT PRESS

Heat press is imprinting a design or graphic onto a substrate, with the application of heat and pressure for a pre-set period of time.

**YAG**

YAG LASER ENGRAVING

This process is achieved by a solid-state laser that engraves the logo from metal surfaces, giving you a detailed subtle logo.

A close-up photograph of a person's hand holding a roll of white medical tape. The hand is positioned over an open first aid kit. The kit is a dark-colored, zippered case with a blue interior lining. Inside the kit, various medical supplies are visible, including several packets of band-aids, a pair of orange-handled scissors, and some rolled-up bandages. The background is slightly blurred, showing a car's interior and a person wearing a yellow safety vest. The overall lighting is bright, highlighting the details of the first aid kit and the hand holding the tape.
