PRODUCT ICONS EXPLAINED

A superior quality dyeing process ensures brighter colours and prevents fibers from weakening during the printing process

Garments require little or no ironing and are often crease resistant

The garment contains breathable moisture management fabric which wicks perspiration from the skin to the outer surface and dries quickly through evaporation

The garment contains fluorescent colours and/or reflective tape to increase visibility

A process where the shorter cotton fibres are discarded and impurities removed, making the yarn stronger, smoother, softer and more compact

Fabric offers multi-dimensional stretch allowing flexibility and a more tailored fit

Fabric has water resistant properties

Fabric has wind resistant properties

Product offers superior resistance to fading
